

May 17, 1993

LB 239, 310

CLERK: I have nothing further on the bill, Mr. President.

SENATOR COORDSEN: Senator Will.

SENATOR WILL: Mr. President, I move the advancement of LB 239 to E & R for engrossment.

SENATOR COORDSEN: The motion is to advance 739 (sic) to E & R. All in favor...yes, sorry. Senator Baack.

SPEAKER BAACK: Yes, Mr. Chairman, just very briefly. One of the things, if you'll remember correctly on General File we did...we did adopt an amendment that would allow the Sidney vocational school to restructure the campus there at Sidney, and possibly close one of their campuses and provide some bonding authority for them to move their campus to downtown Sidney. I just want to make it very clear that part of that project is going to be...is going to be...they...not only are they going to be for vocational technical rooms, they're going to have to have certain support facilities that have to go with that. And by that I mean some administrative and some classroom, some general classroom things that are support for the vocational technical program that is...that is part of it, because I know we did talk about specifically being vocational technical, but they are going to have some support things that have to go with it as far as administrative and classroom space. So with...so, that's all I have. Thank you.

SENATOR COORDSEN: Thank you, Senator Baack. Is there any further discussion? Question is the advancement of the bill to E & R Final. All in favor say aye. Opposed no. The bill is advanced.

CLERK: Senator, with respect to 310, I have E & R amendments pending, first of all.

SPEAKER BAACK PRESIDING

SPEAKER BAACK: Senator Will.

SENATOR WILL: Mr. Speaker, I move the adoption of the E & R amendments to LB 310.

SPEAKER BAACK: You've heard the motion to adopt the E & R
